

Subject: **Technical Task for Purchasing a Pour Point Depressant for 2026 – Order No. 120/26**

Date: 16. 09. 2026.

Products: **Pour Point Depressant - Shear-stable pour point depressant for use in engine oils, hydraulic fluids, and gear oils.**

Product Name: Viscosity Grade:

Product Application: Pour Point Depressant for passenger and commercial vehicles, industrial oils - for the API I, API II and API III group

Specification:

Planned amount of PPD (t): **24**

Planned amount of additives (t):

Additive packaging (Delivery): **Auto-tank**

Required Approval:

Delivery dynamics:

One-time

Data on the additive that the tenderer must supply:

Characteristics:

Viscosity at 100°C (max.) 100 mm²/s

Approvals that can be obtained with the specified additive:
(until Approval is valid)

Note:

Mandatory technical documentation that must be submitted:

- Technical sheet - TDS,
- Safety data sheet - SDS, Updated safety technical data sheets in accordance with Regulation (EC) no. 1907/2006 and amendment 878/2020
- Documentation required for registration in the Inventory of Chemicals of the Republic of Srpska: consent of the manufacturer or supplier, label (barrel), full composition of the chemical up to 100% (if this information is not available through btl). If the manufacturer does not want to disclose the full composition, information about the composition of the chemical can be sent directly to the address of the Ministry of Health and Social Protection of the Republic of Srpska)
- Technical reports (engine tests and other tests) - Technical report, (can be in electronic form as well as other documents upon request),
- Country of origin of goods - Declaration,
- REACH – status,

Technical task done: Branko Despotović, MSc
Head of Development, Testing and Quality
